

# Scattered Blooms

ONE LAST GOODBYE, A FINAL GIFT TO YOUR LOVED ONES

## What we do at Scattered Blooms:

At Scattered Blooms, we want to offer those who know their time left is limited, a beautiful final goodbye to their loved ones.

Each 'Last Goodbye' contains a keepsake box set of 6 seed hearts, carefully nestled on hessian and cushioned on a bed of natural confetti. The band on each box can be personalised in any way you wish and what makes this truly special is the addition of a hand written or transcribed note.

## How will we know of your passing?

It is essential to write this gift into your end of life plan, with instructions to the nominated individual/organisation to inform us of your passing. They will need to simply send an email/ call us to let us know.

You will be sent a card that can be placed into your end of life plan which has everything needed. You will also be asked to provide us with their details.

## When will your 'One Last Goodbye' be sent?

Unless specified by you, we aim to send out your gifts approx. 1 month after your passing. This is hugely dependent on when we are informed.

## Cremation:

If you plan to be cremated and like the idea that the recipient can scatter your ashes with the wildflower hearts, a small bag of specially formulated soil can be included to mix with your ashes and then sprinkled over the site.

Alternatively this can be included in a scatter tube.

## Placing an order:

At the time of ordering you will be asked to complete the details of all the recipients, their names, addresses and box personalisation. An example can be found as to how to complete this on the order page.

## Order Pack:

After following the order process to place your order, you will receive a care package in the post. This will include your notecards and confirm all the details provided by you, please check this extensively and if any this is incorrect or you would like changing please get in touch.

## Returning your note cards:

Once your notecards have been written you will find envelopes inside with the names and addresses of each recipient you have specified. Please place each note card inside the correct envelope – the envelopes will not be sent, but ensure that the correct person receives the correct note. Once completed, please place into the stamped envelope.

**Want to find out more or be talked through the process in more detail? Please do get in touch.**
